

Downers Grove Choral Society

#6 MARCH 2010

Artist Recital and Art Exhibit Sunday, March 14 – 3 pm

In addition to the Choral Concert Series, the DGCS also sponsors an Artist Recital Series. The recital scheduled on Sunday, March 14 at 3 PM, will incorporate some old and some new features.

Earlier this season the DGCS partnered with Fairview – VibrantLiving Communities. The reason for this partnership was to combine assets of both organizations for mutual benefit, and to increase accessibility of events to the community. The first joint venture will be the March 14 Artist Recital, which will pair the recital with an art exhibit of paintings made by the residents of Fairview.

The performance portion of the event will be provided by pianist and DGCS accompanist Jeffrey Panko and cellist Jean Hatmaker, who will be performing Brahms piano and cello sonatas. Jeff's skills as a pianist are well known, and certainly all will welcome an opportunity to either hear him again or for the first time. Jean is principal cellist for the Civic Orchestra of Chicago, recently joined the staff of Lewis University. This is an outstanding pairing of accomplished musicians.

Following the performance, attendees will be invited to join a reception provided by Fairview, which will include light refreshments and an Art Exhibit. An important goal for the residents of Fairview is the promotion of an active and purposeful life. An example of this program is the Art lessons that are available to residents and community at Fairview by instructor Joyce Speechley.

The artists are producing some amazing artwork, but rarely have a chance to display or share it. The Artist Recital will provide that opportunity.

The program is open to all, and it is hoped that many throughout the community will choose to attend.

Those attending the Recital will be treated to a rare opportunity to hear a wonderful musical program in comfortable surroundings, to view an exhibit of artwork of local artists, and to be hosted at a lovely reception with refreshments.

Program information for the event is:
