

Owners' Group

It doesn't have to be lonely at the top anymore!

Owners' Group is a collection of business owners focused on the power of initiating high-level, strategic discussions, designed to produce optimum decision and implementation results, on a monthly basis. The Owners' group acts as an informal board of directors for a small business and offers advice, feedback and a collective wisdom to the participants.

What we do:

- Brainstorm ideas with a group of peers and receive the “brutally honest” feedback required for problem-solving and to address business challenges and objectives.
- Gather a unique business prospective and out-of-the-box thinking where required.
 - Gain insight and implementation guidelines from other business owners - that are experience- based.
- Receive ideas and support from others who have "been there and done that."
- Learn to transform their fears into aspirations for further success!
