Dear Senator Cronin:

On behalf of the 700 business members of the Downers Grove Area Chamber of Commerce & Industry, I offer support of SB580 amending the Counties Code and the Water Commission Act of 1985.

This bill eliminates one of the many layers of government of which our member businesses are subjected. Furthermore, this bill will hold elected officials fully accountable for the fiscal management of the DuPage Water Commission's \$92 million budget.

We applaud your efforts and the great service you provide the people of DuPage County.

Sincerely,
